Participation in the contract is open on equal terms to natural persons and legal entities (irrespective of whether they are taking part as individuals or as part of a grouping (consortium) of tenderers) from the ACP countries and EU Member States, and also to international organisations, as authorised by the instrument applicable to the programme under which the contract is financed (see point 22 below). All the goods supplied under this contract must originate in these countries.
9. **Grounds for exclusion:**

Tenderers must sign and submit the declaration, included with the tender form for a supplies contract, confirming that they are not in any of the situations listed in section 2.3.3 of the Practical Guide to contract procedures for EU external actions.

10. **Number of tenders:**

Tenderers may not submit more than 1 tender per lot. Tenders for part of a lot will not be considered. Tenderers may state in their tender whether they would grant a discount should they be awarded several lots. Tenderers may not submit a variant tender in addition to their tender for the supplies required in the invitation to tender dossier.

11. **Tender guarantee:**

Tenderers must provide a tender guarantee of 3 700 EUR, i.e. 1 500 EUR for lot 1 and 2 200 EUR for lot 2, when they submit their tender. This will be returned to unsuccessful tenderers once the invitation to tender procedure has been completed and to the successful tenderer(s) once the contract has been signed by all parties. This guarantee will be drawn on if the tenderer does not honour all the obligations stipulated in the invitation to tender.

12. **Performance bond:**

The successful tenderer will be required to provide a performance bond for 10 % of the contract value when the contract is signed. The tenderer will have 30 days from the date on which he receives the contract signed by the contracting authority in which to furnish the bond along with the countersigned contract. If the successful tenderer does not provide the required bond within the time allowed, the contract will be rendered void and a new contract may then be drawn up and sent to the tenderer who submitted the second lowest-priced compliant tender.

13. **Briefing and/or site visit:**

A briefing is scheduled for 29.3.2011 (10:00) at the PPCDR.

14. **Tender validity:**

Tenders are to be valid for 90 days from the final date for submission of tenders.

2 months as of the date of signature of the instructions to commence contract performance for each lot based on the indicative timetable.

Selection and award criteria

16. **Selection criteria:**

The following selection criteria will be applied to tenderers. Where tenders are submitted by a consortium, these criteria will apply to the consortium as a whole.

1) Tenderer's economic and financial capacity (based on point 3 of the tender form for a supplies contract). If the tenderer is a public body, equivalent information must be submitted:

— the tenderer's average annual turnover must be greater than 70 000 EUR for lot 1 and 100 000 EUR for lot 2,
— cash and cash equivalents at the beginning and end of the financial year must be in surplus, overall.

2) Tenderer's professional capacity (based on points 4 and 5 of the tender form for a supplies contract):

— the tenderer must have qualified staff, including: a veterinary surgeon, a specialist in animal husbandry or equivalent with experience in this kind of work (both CVs must be attached and will be examined),
— at least 1 of the tenderer's staff must currently be working in fields related to this contract.

3) Tenderer's technical capacity (based on points 5 and 6 of the tender form for a supplies contract):

— the tenderer must have the certificates or other proof of acceptance (acceptance reports together with animal health certificates issued by veterinary surgeons in the country of origin) issued by projects, NGOs or other

bodies, confirming that the tenderer has already carried out 2 or more similar contracts (in terms of number of highly-selected goats) in the past 5 years,

— the tenderer must include the following documents with the tender form:

- the source of supply of the goats and the state of health of the livestock,
- the availability and stock capacity for the supply of goats.

An economic operator may, if necessary and for a specific contract, make use of the capacities of other bodies irrespective of the legal nature of the connection between himself and said bodies. In such an event, he must provide the contracting authority with proof that he will have the resources needed to carry out the contract by, for example, producing a written commitment by said bodies to make such resources available. These bodies, e.g. the economic operator's parent company, must observe the same eligibility rules, notably regarding nationality, as the economic operator in question.

17. **Award criterion:**

The selection criterion is the price for the tenders technically accepted.
