**SN-Dakar: EDF — supply of a photogrammetry system and supporting topographical equipment for the DTGC
2011/S 181-293569**

Dakar — Senegal

Supplies contract notice

1. **Publication reference:**
EuropeAid/131818/D/SUP/SN.
2. **Procedure:**
Open.
3. **Programme:**
10th EDF.
4. **Financing:**
Financing agreement No SN/FED/2008/020935.
5. **Contracting authority:**
The Minister of Economy and Finance, EDF National Authorising Officer, Directorate of Debt and Investment, PO Box 6843, Dakar, SENEGAL. Tel. +221 338424617 / 338427017. Fax +221 338420233. E-mail: psonfed@sentoo.sn

Contract specifications

6. **Contract description:**
Supply of a complete digital photogrammetric plotting system (6 stations), supporting topographical equipment and training for staff at the Directorate of geographical and mapping works (DTGC) on the software to be used. The supplier must propose equipment which meets the indicated technical specifications.
7. **Number and titles of lots:**
1 lot only.

Conditions of participation

8. **Eligibility and rule of origin:**
Participation in the contract is open on equal terms to natural persons and legal entities (irrespective of whether they are taking part as individuals or as part of a grouping (consortium) of tenderers) established in an ACP country, an EU Member State or a country or territory authorised by the ACP-EC Partnership Agreement under which the contract is financed (see point 22 below). Participation in the procedure is also open to international organisations. All the goods supplied under this contract must originate in these countries.
9. **Grounds for exclusion:**
Tenderers must sign and submit the declaration, included with the tender form for a supplies contract, confirming that they are not in any of the situations listed in point 2.3.3 of the Practical Guide to contract procedures for EU external actions.
10. **Number of tenders:**
Tenderers may not submit more than 1 tender per lot. Tenders for part of a lot will not be considered. Tenderers may state in their tender whether they would grant a discount should they be awarded several lots. Tenderers may not submit a variant tender in addition to their tender for the supplies required in the invitation to tender dossier.

11. **Tender guarantee:**

Tenderers must provide a tender guarantee of 3 000 EUR when they submit their tenders. This will be returned to unsuccessful tenderers once the invitation to tender procedure has been completed and to the successful tenderer(s) once the contract has been signed by all parties. This guarantee will be drawn on if the tenderer does not honour all the obligations stipulated in the invitation to tender.

12. **Performance bond:**

The successful tenderer will be required to provide a performance bond for 10 % of the contract value when the contract is signed. The tenderer will have 30 days from the date on which he receives the contract signed by the contracting authority in which to furnish the bond along with the countersigned contract. If the successful tenderer does not provide the required bond within the time allowed, the contract will be rendered void and a new contract may then be drawn up and sent to the tenderer who submitted the second lowest-priced compliant tender.

13. **Briefing and/or site visit:**

There are no plans for a briefing.

14. **Tender validity:**

Tenders are to be valid for 90 days from the final date for submission of tenders.

15. **Implementation period for the tasks:**

60 days.

Selection and award criteria

16. **Selection criteria:**

The following selection criteria will be applied to tenderers. Where tenders are submitted by a consortium, these criteria will apply to the consortium as a whole.

1) Tenderer's economic and financial capacity:

(a) the candidate's average annual turnover must exceed 300 000 EUR;

(b) cash and cash equivalents at the beginning and end of the financial year must have been in surplus, overall, for the past 5 years.

2) Tenderer's professional capacity (based on points 4 and 5 of the tender form for a supplies contract):

(a) at least 3 of the tenderer's staff must be currently working in fields connected with this contract; and

(b) at least 20 % of all those employees working for the tenderer this year in fields connected with this contract must be on permanent contracts.

3) Tenderer's technical capacity, based on points 5 and 6 of the tender form:

(a) the tenderer must have successfully completed at least 1 project in the past 3 years in fields related to this contract and where the budget was at least equivalent to that of this contract.

This means that the project which the tenderer refers to might have begun, been carried out or completed at any moment during the period given, but does not necessarily need to have begun and been completed during this period, or have been carried out during the whole of said period.

An economic operator may, if necessary and for a specific contract, make use of the capacities of other entities irrespective of the legal nature of the connection between itself and said entities. As an example, the contracting authority may consider it inappropriate if the tenderer relies, for the main part, on the capacities of other entities or calls on them for key criteria. If the capacities of other entities are relied on, the economic operator must, in that case, provide the contracting authority with proof that it will have the resources needed to perform the contract by, for example, producing an undertaking from those entities to place those resources at its disposal.

These entities, e.g. the economic operator's parent company, must observe the same eligibility rules, notably regarding nationality, as the economic operator in question. Furthermore, the information relating to this third

entity/these third entities for the relevant selection criteria must be included in a separate document. Proof of their capacity must also be provided when requested by the contracting authority.

17. **Award criterion:**
Price.

Tender submission

18. **Procedures for obtaining the invitation to tender dossier:**

The invitation to tender dossier is available from the following web address: <https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome>

It can also be obtained from the contracting authority. The standard tender form for a supplies contract must be used to draw up tenders. This form can be found in the invitation to tender dossier, and its clauses and format must be strictly adhered to.

Questions regarding this invitation to tender must be sent in writing to:

Directorate of geographical and mapping works (DTGC), route du Service Géographique, Hann, PO Box 740, Dakar, SENEGAL. Tel. +221 338321182 / 776596033. Fax +221 338321181 (quoting the publication reference in point 1), at least 21 days before the final date for submission of tenders in point 19. The contracting authority must reply to the questions no later than 11 days before the final date for submission of tenders. Clarifications or minor amendments to the invitation to tender dossier will be published at least 11 days prior to the final date for submission of tenders on the EuropeAid site: <https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome>
